INTRODUCTION

and GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1957 edition of the Concord City Directory, which also includes Beverly Hills, Brown Mill, Cannon Mill, Franklin Mill, Grove Park, Hartsell Mill, Jackson Park, Shankletown, Sides Town, Silver Hill, and the rural routes emanating from the Concord Post Office.

Confidence in the growth of Concord's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Concord to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Concord Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Concord, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Concord and vicinity and on the Concord rural routes, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major de-

partment, printed on pink paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Concord and vicinity.

The Concord Directory Library

Through the courtesy of the publishers of the Concord City Directory, a Directory Library is maintained in the offices of the Concord Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

A reference library of late
out-of-town city directories

THE PUBLISHERS of this Directory maintain for the use of their subscribers and the general public a complete library of late out-of-town City Directories. We invite you to consult this library when in need of names and addresses of individuals and firms in other cities. It is especially designed for the reference use of business men who subscribe to the local City Directory, when seeking markets and sources of supply outside this city. There is no charge except for extended continuous use. The library, with attendant in charge, is located at:

CHAMBER OF COMMERCE

CONCORD

(Courtesy Concord Merchants Association, Inc.)

Location

Concord, county seat of Cabarrus County, is located in the heart of the Piedmont section of North Carolina, almost midway between Washington, D. C., and Atlanta. It is only 124 miles from the State capital, Raleigh. The land surrounding Concord is gently rolling and well drained, with a plentiful water supply. The population of the city, according to the 1950 U. S. Census, was 16,486, and of the county, 63,783.

Climate

The climate in and around Concord is ideal; the average annual temperature is 62.6 degrees. Temperature ranges from 42.3 in January to 78.8 in July. Pleasant, mild weather is

Downtown Street Scene in Concord

enjoyed for more than six months of the year—60.6 in spring; 61.9 in fall. The average winter temperature is 49.5. Naturally, there are a few extremes in weather. The elevation is 705 feet above sea level.

History

Concord was founded in 1793 by Scotch-Irish and German-Dutch settlers, and named Concord when the two factions settled a dispute over the location of the county seat. The first court house was built in 1796. In 1872 a new and larger court house was built, but three years later it was destroyed by fire. The present court house was built in 1875.

The first gold discovered in the U. S. was in Cabarrus County in 1799. The nugget weighed approximately 17 pounds. In 1903 a nugget was found which weighed 28 pounds, one of the largest ever found, and a replica of this nugget is in the Smithsonian Institute in Washington, D. C.

The name, Concord, has prophetic significance. The city has lived up to its name in mutual understanding and helpfulness among its citizens.

Concord's growth has been accomplished through working together, sharing together, and planning together for a better city and a better citizenship. It is a city that honors its past, that fosters civic pride in building for a better future.

Government

Concord is administered by a board of aldermen and a mayor, who are elected by the people. Every man on this board is a business man, and the city is run on a business basis. Cabarrus County is governed by a board of county commissioners, who are elected by popular vote of the citizens. The City and County government is among the best to be found anywhere.

Concord Community Boys' Club

Transportation

Concord is on the main north-south line of the Southern Railway, and also is served by the Carolina Trailways Bus Line and the Queen City Buses. Five trucking and transfer companies operate out of Concord. City transportation is provided by a local bus line and ample taxi service. National transfer companies make daily pick-up and deliveries in Concord. Although there is no direct air travel from here, excellent accommodations can be obtained only 21 miles away.

Communications

The Concord Daily Tribune, published daily except Saturday, and one radio station, WEGO, operating on a frequency of 1410 k.c's and 1,000 watts, serve Concord.

Telephones

The Concord Telephone Co., locally-owned, serves Concord and Cabarrus County with 16,000 telephones.

Schools

There are four white elementary and one high school and one colored school in Concord, with an enrollment of 2,836 white students and 1,145 colored students. Evans College of Commerce and Barber-Scotia College for Colored Women are located here.

Hotel and Motor Court Accommodations

The Hotel Concord has 100 rooms; the Colonial Motor Court, 40 units; Brantley's Motel, 12 units and Mayfair Motor Court, 14 units.

Churches

There are 45 churches, representing 18 denominations, in the city. Historic St. John's Lutheran Church, believed to have been founded in 1745, was one of the three mother

Cabarrus Country Club

churches of Lutheranism in North Carolina. One of the earliest Presbyterian churches was Rocky River, organized in 1751. The First Presbyterian Church and Central Methodist Church are the oldest churches of those denominations in the city. There are more than 100 churches in Cabarrus County, including one Catholic.

Recreation

The City sponsors a year-around recreation program and employs a full-time recreation director, and recently built a modern recreation building. Over and above the City recreation program, there is a private golf course, a private swimming pool; a public white swimming pool; a public colored swimming pool; tennis courts; high school football at Webb Field; indoor sporting events at the Armory; the modern Community Boys' Club with a full-time staff. There are three white theatres in Concord and one for Negroes.

Banks

The three banks and three building and loan associations in Concord have total assets of \$60,000,000.00. There are also numerous finance companies. There never has been a bank failure in Cabarrus County.

Hospital

Cabarrus Memorial Hospital has undergone an extensive expansion program. It is a modern 300-bed hospital, with the latest medical equipment and an excellent staff.

Water Supply

The City of Concord owns the water plant and the electric distribution system, and there is an ample supply of both water and electric power. A new and modern filter plant has recently been built, and a licensed chemist is in charge of the laboratory. The filter plant has a capacity of

Community Center Swimming Pool

6,000,000 gallons per day. At the present time there are 7,556 electrical connections and 6,073 water meters. This is by no means capacity for the electric or water plant.

Library

The Concord Public Library, located in the Community Center Building, has a regular staff of five. In addition to the 40,000 volumes in the Concord Library, the George Washington Carver Library, for colored people, has 2,500 volumes. The Concord Library also has a film service, and a bookmobile with 1,500 volumes, which makes two complete trips each month into every part of the county.

Fire and Police Protection

The Concord Police Department, staffed with 31 policemen, radio-equipped cars and ample armaments, can answer a call within five minutes to any part of the city.

The Fire Department is equipped with five fire trucks and one hose truck. Staffed with 20 paid employees and 15 volunteers, the Fire Department is both modern and efficient.

Industry

Concord is an industrial community with many large and small industries. The industrial payroll amounts to several million dollars a year, and Concord manufactured products are sold throughout the world. The community has advantages to offer new industry, and new industry is welcomed by the people of Concord.

Tax Rate

The tax rate for the City of Concord is \$1.35 per \$100 valuation. The tax rate for Cabarrus County is \$.87 per \$100.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the **DIRECTORY** of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but **ONE SUBSCRIBER** to the **CITY DIRECTORY**—**THE ONE SUBSCRIBER** would of necessity have to absorb **THE WHOLE COST.**

If there were **100 SUBSCRIBERS**—each one would have to absorb **1/100th PART OF THE WHOLE COST.**

If there were **1000 SUBSCRIBERS**—each one would have to absorb **1/1000th PART OF THE WHOLE COST.**

From which it is obvious that the **GREATER** the number of subscribers—the **LESSER** the cost to each.

And

It is also obvious that the **LESSER** the number of subscribers—the **GREATER** the cost to each.

Every time you loan your City Directory the **LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.**

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on being well represented in its pages.

**Do your employers furnish you with
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

1. **DEMAND PROPER IDENTIFICATION.** Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. **BE SURE** some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. **PRINT** your name clearly on your mail box. **EQUIP** your mail box with a lock if you have not done so.
3. **CASH** your checks in the same place each month. This will make identification easier.
4. **DO NOT ENDORSE** your check until you are in the presence of the person you will ask to cash it.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

U. S. POSTAL INFORMATION

POSTAGE RATES AND CLASSIFICATION

For information regarding classification, postage rates, and mailability of domestic mail of all classes, entry and mailing of publications as second-class matter, metered and permit mail, bulk rate mailings of third-class matter, Business Reply Cards and Envelopes, apply at your local post office.

DOMESTIC POSTAL RATES

First-Class

LETTERS: 3 cents for each ounce or fraction of an ounce. (Local delivery same rate.)

POST CARDS or POSTAL CARDS: 2 cents each within prescribed sizes.

BUSINESS REPLY CARDS: 4 cents.

MAIL ENCLOSED IN BUSINESS REPLY ENVELOPES: 3 cents per ounce, plus 2 cents per piece, collected when delivered.

Second-Class

NEWSPAPERS AND PERIODICALS (Transient rate): 2 cents for the first 2 ounces, and 1 cent for each additional 2 ounces or fourth class rate, whichever is lower.

Third-Class

(Limit 8 ounces)—On circulars and other miscellaneous printed matter, also on merchandise, 2c for the first 2 ounces or fraction; plus 1c for each additional ounce or fraction.

On books and catalogs having 24 or more pages; also, seeds, cuttings, bulbs, roots, scions, and plants—2 cents for first 2 ounces and 1½ cents for each additional 2 ounces.

Bulk Rate

For Details Consult Your Local Postmaster

Fourth-Class—(Parcel Post)

The present size and weight limits for fourth class (parcel post) will continue to apply in all cases except for parcels mailed at a first class office for delivery to another first class office in which case the size is limited to 72 inches length and girth, 40 pounds in weight to the local first and second zones, and 20 pounds in weight in the third to the eighth zones. Exceptions to the new size and weight restrictions are:

(1) Baby fowl, live plants, trees, shrubs, or agricultural commodities (not including manufactured products thereof).

(2) Books, permanently bound for preservation, consisting wholly of reading matter or reading matter with incidental blank spaces for students' notations and containing no advertising matter other than incidental announcements of books.

(3) Parcels mailed in the United States, including the District of Columbia, for delivery by any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, or mailed at any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, for delivery in the United States, including the District of Columbia, or any Army or Fleet post office or any Territory or possession thereof, including the Canal Zone and Trust Territory of the Pacific Islands.

It is not contemplated that the provisions of this law shall be evaded or circumvented by diverting parcels exceeding the prescribed limits of size and weight from first class offices and mailing the parcels at offices of the second, third or fourth class or on rural or star routes.

AIDS TO PROPER MAILING

Write name and address plainly and completely.
Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

**Including Beverly Hills, Brown Mill, Cannon Mill, Franklin
Mill, Grove Park, Hartsell Mill, Jackson Park,
Shankletown, Sides Town and Silver Hill**

Copyright, 1957, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No return." In each case the publishers tried diligently by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

- 1** An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.
- 2** A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.
- 3** A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.
- 4** A "Yellow Section" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.
- 5** A *Statistical and Historical Story* of your city; plus miscellaneous other information.

Typical Questions

Your City Directory
Will Answer

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

- 1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.
- 2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.
- 3 A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.
- 4 A "Yellow Section" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.
- 5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.
